Western Jockey Club Gives Delmar and Fair Grounds Best Racing Dates.

MR. LUCAS STRONGLY OBJECTS. |

Gossip in Chicago Is That A. B. Dade Has Signed Contract as Starter Here Next Year-Important Rule Interpreted.

BY A STAFF CORRESPONDENT. Chicago, Dec. 10 .- The race track trouble t St. Louis is not yet over, even if Delmar Park and the Fair Grounds are in the Jockey

of Stewards to-day. Kinloch Park was given fifteen days, from April 15 to May 2, and sixteen days, August 14 to 31. When Mr. Lucas of Kinloch beard what was given im, he very politely, but vehemently, bade the board to go to, and take its dates with it, "They are not any good," said the Master of Goodwood, alluding to the dates. "Fif-teen days in April, cold and wet, and fifteen days in August, hotter than Hades, when

very one who has money is away.

'This man Fitzgerald of Hawthorne is 'it' in this club. He gave us the worst of it last summer when he refused to reinstate outlaw horses for us. He handed us pretty package of goods then. This unch of rotten dates grew on the same Well, Fitz may have some trouble making use of his own dates at Harlem. Racing in Chicago is not legalized as it is Clem Creveling advised him to go home,

them.
"They're hard people to do business with," said Mr. Lucas, "and with the stench of victory in their nostrils will be harder than ever. But I will see them and try to make an agreement that will give us decent dates to run—May, June. September and October are the good months in St. Louis. We get two good days, May 1 and 2."

It seems that Kinloch, which stuck to the Jockey Club when Delmar and the Fair Grounds were fighting it, was treated with scant courtesy. Delmar gets sixty-four days, June 26 to August 12, and September 1 to 26. The Fair Grounds gets forty-nine days is the spring, May 3 to June 28, and twenty-nine days in the fall, September 21 to October 31. These, of course, are the cream of the datea, having all the holidays, Decoration Day, July Fourth and Labor Day and other fete days.

Day and other fete days.

It is said that the St. Louis dates were partitioned on the basis of money invested in the various tracks. The Fair Grounds is rated as worth \$750,000, Delmar at \$250,000 and Kinioch at \$30,000. These figures are based on the actual cost of constructing the plants, the value of improvements and the plants, the value of improvements and the real estate they occupy. The stewards, it is said, figured that Kinloch, with an es-timated investment of \$90,900, was not en-titled to make as much money as either Delmar or the Fair Grounds, where from so to 900 per cent more money was in-

Broad packed up his trunks quickly enough, and boarded the steamer which brought him to this country.

BODY FOUND IN STRAWSTACK. Unidentified Man's Death Was Due to Natural Causes.

John Davenport, a farmer, living at Creve Coeur, found the body of an un-identified man in a strawstack near the banks of Lower Creve Coeur Lake yesterday afternoon.

day afternoon.

The man had apparently been dead for several days, and was recognized by Joseph April as the same person who slept in his strawstack last Wednesday night and was found in a frozen and henumbed condition the next morning by Henry Klinge. The stranger was about 65 years old, 5 feet 8 inches tall, weighed about 150 pounds, had a slender face and white mustache. He said, when found in the strawstack last week, that he was from De Hodiamont, but would not tell his name.

When the man first appeared in that part of the country he went to the home of Henry Hayes in Fern Ridge and asked permission to sleep in his barn loft. It was refused, but the stranger was persistent and crawled into the loft four times and all the windows and doors had to be locked to keep him out.

Mrs. Winnifred T. Cabanne began suit against the St. Louis Transit Company yesterday for \$15.00 damages for injuries received in the disturbance between her husband, L. D. Cabanne, and the crew of an Olive street car on December 4.

The first two games of the tournament have attracted good-sized attendances, and there seems to be a keen interest taken in the play.

Charles Hueston, issues a sweeping challenge to St. Louis pool experts. In a communication to the sporting editor of The Republic, Mr. Mack says:

"I noticed in an issue of your paper some days ago that Mr. Hueston challenges any local player at either continuous or French pool. I wish to state that I am ready to meet Mr. Hueston at 150 points continuous pool for \$50 a side. As I have already met Mr. Hueston on his own ground, I make my conditions that the match be played at The Hauser on a regulation 5x10 table and with 2 5-16-inch balls. Should Mr. Hueston accept these terms, I will meet him at any time suitable and post money in your hands. This is also open to any and all local players."

ARRESTED ON BENCH WARRANT. Charge Against Stephen Frawley Under Investigation.

Stephen Frawley of No. 411 South Fifteenth street was arrested in his home yes-terday afternoon by Policemen Duffy and Cuddihee on a bench warrant issued by Judge Wood at the instance of the Grand Jury, which is investigating a charge of

Jury, which is investigating a charge of perjury.

Frawley was found bleeding near his home about a month ago. When he revived he said he had been assaulted by highwaymen and left unconscious. On descriptions furnished by him, Edward Balmer and James Burns were arrested. He identified them the next morning and swore out warrants against them. When the case was called in the Court of Criminal Correction a few days later he said he was not sure whether these were the men who held him up. He said he was intoxicated that night and could not remember. Judge Clark bound Balmer and Burns over to the Grand Jury and cautioned Frawley.

Frawley was before the Grand Jury yesterday in the same case. After he had made his statement the Grand Jury saked for the bench warrant. Frawley stated last night that he was under the influence of liquor when he identified Balmer and Burns at the Four Courts and swore out the warrant. When he sobered up he said he realized his mistake and wanted to right it, but the Court would not let him dismiss the prosecution. He declared he does not want to prosecute innocent men and will not swear falsely.

WORLD'S CHAMPION. AGE OF EXPERTS

SCROTAL VARITY is now demanded in almost every vocation, and it is especially demanded when life or health is at stake. The field of medicine and surgery is too broad and vastly complicated for any one man to master. It has been divided and subdivided into various branches, and the physician who becomes supreme in any particular branch must conscientiously confine himself to that branch alone. I selected my specialty soon after graduation from college, now nearly a quarter of a century ago. I then determined that my life should be earnestly and exclusively devoted to originating and perfecting cures for diseases and weaknesses peculiar to the male. How well I have succeeded has been answered by legions of men who have recently been cured by me and made happy, What I have done for them I can do for you. SCROTAL VARICUCELE. Under my treatment this in-

sidious disease rapidly disappears—ceases almost instantly. The pools of stagnant blood are driven from the dilated veins, and all soreness and swelling quickly subside. Every indication of Varicocele soon vanishes, and in its stead comes the pride, the power and

the pleasure of perfect health and restored manhood. URETHRAL STRICTURE. My cure dissolves the Stricture completely and removes every obstruction from the urinary passage, allays all inflammation, stops every un-natural discharge, reduces the prostate gland when enlarged, cleanses and heals the bladder and kidneys when irritated or congested, invigorates the sexual organs and

restores health and soundness to every part of the body affected by the disease.

SPECIFIC BLOOD POISON. My special form of treatment for specific or contagious poison in the blood is practically the result of my life work, and is indorsed by the best physicians of this and foreign countries. It contains no dangerous drugs jurious medicines of any kind. It goes to the very bottom of the disease and forces out every particle of impurity. Soon every sign and symptom disappear completely and forever. The blood, the tissue, the flesh, the bones and the whole system are cleansed, purified and restored to perfect health and the patient prepared anew for the

duties and pleasures of life. NERVO-SEXUAL DEBILITY. My cure for weak men stops every drain of vigor and builds up the muscular and nervous system, purifies and enriches the blood, cleaness and heals the bladder and kidneys, invigorates the liver, brightens the intellect and,

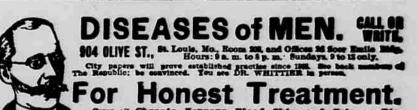

above and beyond all, restores the wasted power of sexual manhood.

REFLEX DISEASES. Many allments are reflex, originating from other diseases. For instance, sexual weakness sometimes comes from Varicocele or Stricture, innumerable blood and bone diseases often result from contagious taints in the system, or physical and mental decline frequently follow impotency. In treating diseases of any kind

I always cure the effect as well as the cause.

CORRESPONDENCE. One personal visit is always preferred, but if you cannot call at my office write me your symptoms fully. Many cases can be treated at home by correspondence. I make no charge for private counsel, and give to each patient a legal contract in writing, backed by abundant capital, to hold for my promise. Physicians having stubborn cases are cordially invited to consult me.

FRICTION AMONG LEAGUE MAGNATES.

Freedman Objects to Spalding, Who Is Backed by Robison and Dreyfuss.

BRUSH SUGGESTS NEW SCHEME

Would Do Away With Office of President and Invest Executive Power in Board of Control.

REPUBLIC SPECIAL. New York, Dec. 10.-The National League nagnates went into session at 8 o'clock tonight, and it was almost midnight when they adjourned. Indications are now that the meeting will last the entire week, as several bitter fights are on. Hart of Chi-cago, Rogers of Philadelphia and Ebbetts of Brooklyn declined to enter the meeting called for 2 o'clock this evening, and the other five magnates were forced to adjourn until this evening. There are rumors of

great trouble.

Freedman of New York is said to have declared openly against Spaiding for president, and has threatened to withdraw from the National League if his fellow-magnates insist on the Chicago man. Brush has sought to pour oil on the troubled waters by suggesting that the League do away with the office of president and elect a board of control with himself as president with the league do away with the office of the league do away with the office of president and elect a board of control to have a secretary said board of control to have a secretary whose name is N. E. Young, and be emwhose name is N. E. 10mg, and be empowered to issue licenses to all ballplayers. The rest of the magnates do not take kindly to this. Dreyfuss of Pittsburg, backed by Robison of St. Louis, and several others forming in all a majority of the magnates, insist on Spalding; so the matter rests to-night.

It came out to-day that Robison of St.

might that he was under the influence of liquor when he identified Balmer and Burnat the Four Courts and swore out the warrant. When he sobered up he said he realized his mistake and wanted to right it, but the Court would not let him dismiss the prosecution. Frank de H. will not play ball if the courts can prevent them.

James A. Hart, president of the Chicago club, whose players jumped to the American League after assuring him they would notify him before doing so, said:

"I doubt whether any man in the future can get me to take a ball player's word. Eleven Chicago players have gone to the American League without giving us even a chance to bid for their services, and I would have done as well or better with most of them than the other league did."

Questioned about the baseball business in the West, he said that the Chicago American League Club had a fair vear, making enough money to pay Comiskey a good saiary.

Among the prominent baseball men about the hotel to-day were: Frank Dwyer, Detroit's new manager; Tim Murnane, president, and Jacob Morse, secretary, New England League; Pat Powers, Eastern League; G.
